Combinations—effering inducements that cannot be questioned, and at rates commensurate with the risk. I ask that empty assertions, of jealout competitors, shall not weigh againsts tangible proof. That you will look carefully at the reports of Insurance Commissionsrs—sworn State officials—and thus get the truth from an unprejudiced source.

I beg to r. turn thanks for the confidence expressed in me and my companies by the very liberal patronage given me since opening my agency the 15th of January, 1876. And beg to assure my putrons that I will always be watchful of interests entrusted to me and by prompt and careful attention to business, hope to merita continued liberal patronage.
